## Access

Students and the Piedmont community are the primary users of the Piedmont Unified School District facilities. At the discretion of the school principals and the District, outside users may reserve and apply for a permit to use the facilities, when not being used by these primary users. Although demand for District facilities often exceeds available capacity, the District is committed to providing permits to community groups and youth sports programs in support of a broader and more balanced use of District facilities by the entire community.

## Acceptable Behavior

Permit holder shall be responsible for the conduct and control of both patrons and participants, and must comply with all applicable state and federal laws, city ordinances, School District regulations, by-laws, and policies and permit conditions. The Board and/or its agents reserve the right to suspend or prohibit any use of facilities regardless of prior approval or not.

## User Group Priorities

Applications for the use of school facilities shall be given preference in the following order:

1. School District
2. Piedmont Adult School and Piedmont Recreation Department
3. Other groups and organizations

**Note:** All permits shall be revocable and shall not be considered as a lease, and the Board of Education or its authorized agent may reject any application or cancel any permit. A permit is not transferable. The District's need to schedule maintenance or repair shall supersede the priority order for use of each facility.
