Section 1: Overview

Piedmont Unified School District (the District) welcomes your interest in use of the District facilities. The District strives to serve the Piedmont community not only through its educational programs for students, but also by making its facilities available for public use in a manner that does not conflict with school activities. Piedmont has a shortage of public facilities, particularly fields and gyms, and there is often far more demand than the District is able to accommodate. All use of District facilities for non-school activities is at the District's sole and unfettered discretion, and users must comply with the rules stated in this handbook.

The following is an overview of the District rules for use of its facilities, discussed in more detail in later sections.

1. The District has first priority in the use of District facilities. The school day, including school athletic and enrichment programs, runs from 7:30 a.m. through 3:30 p.m., Monday through Friday, during the school year. The District's athletic facilities also are used by school sports teams, and Piedmont Recreation Department's Schoolmates programs; public use of the same venue is not permitted during such use. The school year usually runs from mid August through mid-June; the exact dates for each year can be found on the District website. School events, including athletic events, also may occur on weekends. During the school day, public use of the District's facilities is not permitted. During school events on weekends, public use of the event venue is not permitted. Use of the District's facilities not being used for school activities is at the discretion of the District.
2. Pursuant to a District facilities use agreement with the City of Piedmont, the City Recreation Department has second priority rights to many of the District's facilities to offer Recreation Department programs, when such facilities are not being used for District purposes.
3. Groups and organizations may seek to reserve time to use specific District facilities identified herein by obtaining a permit. Making a reservation online constitutes a request to the District for a reservation; the District must confirm the reservation before the request is granted. Without District confirmation, there is no permit.

Before any District facility may be used, the permit holder of the facility must procure and maintain a minimum of \$1 million in liability coverage for bodily injury and property damage per occurrence with an aggregate limit of no less than \$2 million, **and** the permit holder must provide two documents which list "Piedmont Unified School District" as an "additional insured" on the liability policy: (1) a Certificate of Liability Insurance; and, (2) an endorsement page which modifies the insurance policy by naming "Piedmont Unified School District" as an "additional insured". Both of these documents must be provided prior to reserving District facilities. Current permit holders on file with the District must update their Certificates of Insurance annually. No reservations will be accepted for any dates that fall outside the period of coverage.

Further in making an application for use of facilities, all permit holders agree to defend, indemnify and hold harmless the District, its officers, employees and agents from and against any and all liability, cost, expense, claims, injuries, losses or damages, including damage to District property, which may result or arise in any way out of the permit holder's use or occupancy of the facilities, negligence of the permit holder's group, its officers, employees or agents.

Piedmont Unified School District Facilities Use Handbook

4. When not in use by the District (either during the school day or for events), and not reserved pursuant to a permit, the District's athletic facilities are available for general public use during the times set forth for each facility in Section 5 below. During the general public use time, the District's intent is to provide an opportunity for Piedmont residents to exercise and play at its athletic facilities. (Clarification: There is no public use time for PUSD facilities that are locked when not in use, such as the grass baseball fields, the PMS Sports Courts, Bern Court, etc....) **When PUSD fields/track are open to the public, "for profit/commercial use" is strictly prohibited. This includes personal trainers and any "for pay" organization).** Organized groups that intend to use a portion of any athletic facility in a manner that would exclude other persons from using that portion of the facility must obtain a permit.
5. All individuals using District facilities must be respectful and courteous of other users, audience, and District representatives at all times. All non-District activities at District facilities are permitted only at the District's discretion. Any District representative may revoke the District's permission for an individual or group to be present at a District facility. If asked to leave by a District representative, the person requested should do so. Any complaint regarding such a request should be made to the District's Facilities Manager, 510-594-2622.

Section 2: Access

Students are the primary users of the Piedmont Unified School District facilities during the school day and school events. During the school day, public use of the District's facilities is prohibited. During school events on weekends, public use of the event venue is prohibited. During the school year, the school day at Piedmont schools is as follows:

- Beach, Havens and Wildwood elementary schools run from 7:30 a.m. to 3:30 p.m. Please note that the City Schoolmates program also uses a portion of the playground at these sites from 7:30 a.m. to 6:00 p.m.
- Piedmont High School, Millennium High School, and Piedmont Middle School run from 7:30 a.m. to 3:30 p.m.

The school year usually runs from mid-August through mid-June; the exact dates for each year can be found on the District website. During these times, public use of these sites is not permitted. Visitors to these sites must check in at the site office, and obtain a pass to be present on campus.

In addition to its other school facilities, the Piedmont Unified School District manages, maintains, and operates the District's Witter Complex (football field, baseball field, softball field, track, and restrooms). During the school day, public use of the Witter Field Complex is prohibited; use is prohibited from 7:30 a.m. to 3:30 p.m. on school days during the school year. Use will also be prohibited during after or before school hours, as needed, in support of District athletic programs, including practices, scrimmages, games, and post-season use. Public use of the event venue is prohibited during school events.

There are occasions when the public may wish to use parts of the Witter Complex that are not being used by an athletic team after 3:30 p.m. In the interest of public safety, users must follow the directions of District employees, who have sole discretion in closing off portions of Witter Complex during athletic practices or competitions.

Piedmont Unified School District Facilities Use Handbook

At the discretion of the school principals and the District, outside users may reserve and apply for a permit to use the facilities, when not being used by these primary users. Although demand for District facilities generally exceeds available capacity, the District is committed to providing permits to Piedmont community groups and Piedmont youth sports programs in support of a broader and more balanced use of District facilities by the entire community.

Section 3: Acceptable Behavior

All individuals using District facilities must be respectful and courteous of other users, audience, and District representatives at all times. Given the demand for athletic play and exercise space, sharing will often be required. As noted above, public use is prohibited during the school day and during school events. Individuals attempting to use District facilities during such times will be asked to leave. (Individuals that are unauthorized to use PUSD facilities are subject to citation, arrest and prosecution per PPD trespassing Code Sec (603PC) Permit holders have priority during the reserved time; individuals seeking to use the same facility during the reserved time will be asked to leave. More specific information is provided in Section 8, Guidelines for Facility Use: Classrooms, Auditoriums, Multipurpose Rooms, and Gymnasiums.

Permit holders shall be responsible for the conduct and control of both patrons and participants, and must comply with all applicable state and federal laws, city ordinances, School District regulations, by-laws, and policies and permit conditions. *The Board of Education and/or its agents reserve the right to suspend or prohibit any use of facilities regardless of prior approval or not.*

Section 4: Priorities in Allocating Reserved Use and Fee Group Types

Subject to the exercise of its unfettered discretion in individual circumstances, the District allocates reserved use of District facilities in the following order:

1. School District, including Piedmont Adult School
2. Piedmont Recreation Department (City of Piedmont)
3. Groups and organizations serving Piedmont students and youth
4. Groups and organizations serving Piedmont residents
5. Other groups and organizations

Fee Group Types:

Civic Users: Organizations or individuals from the local community who use the school facilities for civic purposes, such as voting, community meetings, informal recreation, and shelter in an emergency. Civic users must obtain a facilities use permit and are exempt from fees.

Community Users: Non-profit organizations or other public agencies that use the school facilities and whose primary purpose is to provide programs and/or services that serve students, the neighborhood, or community. Community users must obtain a permit and are subject to facilities-use fees.

Private Users: Private organizations, for profit or non-profit, that are using the facility to raise revenue. Private users must obtain a facilities use permit and are subject to facilities-use fees.

Piedmont Unified School District Facilities Use Handbook

Note: All permits shall be revocable and shall not be considered as a lease, and the Board of Education or its authorized agent may reject any application or cancel any permit. A permit is not transferable. The District’s need to schedule maintenance or repair shall supersede the priority order for use of each facility
