III. School Climate

School Safety Plan

Safety of students and staff is a primary concern of Piedmont Middle School. To ensure student safety, supervision is provided on campus at all times. Administrators and counselors supervise and assist students on campus before and after school, during breaks, lunch, and after school. One teachers and four yard supervisors monitor students during lunch. Adult visitors to the campus must register at the office; student visitors are not allowed on campus.

*The **School Site Comprehensive Safety Plan** is reviewed and updated annually by the School Site Council; revisions are immediately reviewed with all staff members. Key elements of the Safety Plan include emergency evacuation procedures, sexual harassment policies, and codes of student behavior. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire and disaster drills are conducted on a monthly basis throughout the school year, and a complete evacuation drill is held every other year.*

School Discipline Practices

Piedmont Middle School makes every effort to create and maintain a positive learning environment, including the school's use of disciplinary strategies.

Students at Piedmont Middle School are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy, and acceptance of others. The school's discipline philosophy promotes a safe school and fosters a community of mutual respect and trust. Parents and students are informed of discipline policies at the beginning of each year through classroom orientation. PMS also provides a well articulated and fair discipline program which is outlined in the Student Handbook and the Parent Handbook and distributed at the beginning of the year at Walk-through Registration.

Grade level assemblies are conducted by the Principal and Assistant Principal at the beginning of each quarter to review school policies, expectations for behavior and student achievement. A campus Ambassadors program is conducted during both lunches for students and facilitated by the school counselors. A conflict resolution and peer mediation program is coordinated by the school's counseling staff. The sixth grade elective wheel includes a Communications class that emphasizes conflict resolution skills. Let's Get Real, a video presentation and discussion program designed to prevent name-calling, bullying, discrimination, and to promote safety and advocacy, is presented to all sixth grade students.

Piedmont USD held a public hearing and determined that Piedmont Middle School had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use on the classroom and to take home, if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Education.

For 2008-2009, all textbooks at Piedmont Middle School were in adequate supply and fair to excellent condition. The school and District place great emphasis on providing students with the most up-to-date, state adopted textbooks and instructional materials. **100% of students in each core subject area possessed the necessary textbooks and instructional materials.**

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each **March**. The state - wide API rank ranges from 1 to 10. A state - wide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools."

XI. Instructional Planning and Scheduling

Professional Development

Leadership at Piedmont Middle School is a responsibility shared between the District administration, the Principal, Assistant Principal, and school counselors. In the fall of 2006, Ms. Jeanne Donovan assumed the role of Principal. She has had previous experience as a teacher of special education, a teacher of general education, and seven years in school administration before joining the Piedmont Unified School District. The leadership group works closely with the School Advisory Council (Department Chairpersons), School Site Council, Parent Club, and Associated Student Body (ASB) to ensure that the students at PMS receive a well-rounded, comprehensive education.

The School Site Council, which consists of staff, students, and parents, meet regularly to address programs and components that make-up the school, discuss the effectiveness and appropriateness of the various programs and components relative to the goals of the school, and to act as a communication liaison between the community and the school.

ASB is responsible for student activities which include school climate, dances, noon-time activities, fundraisers, and other school-wide service work. They also review and study proposals for actions which are made by the Student Council.

The review and enhancement of Piedmont Middle School's curriculum is an ongoing process. Curriculum development at the school revolves around the California State Content Standards and Frameworks. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels. PMS also participates in a district-wide Curriculum Forum and the GATE Advisory Committee.

The District Curriculum guides are updated regularly to align with the state standards, District goals, and the state-wide assessment program. The District Curriculum Committees monitor the alignment of curriculum to state standards, and are made up of District administrators, teachers, and parents.

Professional development plays a key role in keeping teachers abreast of current education issues and trends, in fostering the implementations of innovations, and in refining their teaching practices. Teachers and staff have opportunities to build upon their roles as coaches and facilitators of their student learning throughout the year by participating in conferences and workshops. The District has offered three district-wide staff development days where teachers and staff are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies and methodologies, and technology. Staff development for 2008-2009 included, but was not limited to: Differentiated Instruction, Writing Strategies, Teacher Wikis, Cornell Note-Taking, Formative Assessment/Lesson design, Google Training, SMART Board Training, and Interactive Technology for the Classroom. For additional support in their profession, teachers may enlist the services of the District's Beginning Teacher Support and Assessment (BTSA) facilitator and/or the Peer Assistance and Review (PAR) program.

In addition to the three district-wide professional development days, teachers collaborate by departments on eight site collaboration minimum days once a month to provide ongoing learning opportunities and engagement in practical tasks of curriculum development, instruction, learning, and assessment.

Instructional Minutes

This table displays a comparison of the number of instructional minutes offered at the school to the state requirement for each grade level.
