

Finding articles for Ms. Leskowski's Granma Cuba Project

Step 1: Find an article in Granma

Granma

<http://www.granma.cu/>

- Look for articles that are of international interest, rather than on the U.S.
- Choose a few articles so you can compare the topics to those in other newspapers.

Step 2: Find an article on the same topic from another Spanish newspaper

Internet Public Library Newspapers from Around the World

<http://www.ipl.org/div/news/>

OR

ABYZ Newslinks

<http://www.abyznewslinks.com/>

- Choose a newspaper published in Spanish, not English.
- Look for articles on the same topics as those you found in Granma.
- Remember, the headlines will differ though the articles may be on the same topic.

Step 3: Print your articles, one from Granma, one from another source

- Most newspaper sites offer a print-friendly button. This will format the page to fit on an 8 1/2 x 11 sheet of paper.
- Make sure the printout shows the date of the article, not just the date you printed it.
