September 12, 2011

Dear PHS Families,

With the financial support of the Piedmont Athletic Boosters and the Piedmont High School Parent's Club, Piedmont High School will once again offer the After School Study Support program. This academic support program occurs every Monday, Tuesday, Wednesday, and Thursday from 3:15- 4:45pm in the PHS Library. Due to the generous support of the Boosters and Parents Clubs, there is no fee associated with this program. Students may drop-in anytime throughout the sessions. This program will serve students in the following ways:

- Students can receive direct instructional support in a variety of subjects with class assignments or homework
- Students can use the library as a quiet place to study.
- Students can use the space to meet in groups for class projects or peer tutoring.

For the rest of this school year, the After School Study Support Program will be staffed by a number of teachers and instructional aides. They bring a wealth of academic knowledge and can support students in a variety of subjects.

**I encourage your child to attend the After School Study Support program. If you have any questions or concerns, please feel free to contact me.**

Sincerely,

Rich Kitchens  
Principal, Piedmont High School
