

Piedmont Unified School District
Green Initiative Meeting

AGENDA

October 22, 2013

3:30–5:00 p.m.

Piedmont Unified District Office Board Room

Topic

1. Sign-in, Welcome, Introductions
2. Alameda *Safe Routes to School* program - Rachel Davidman of Alameda
3. Green Initiative Plan Development
 - Review and comment on plan components
 - Break the plan into parts for subcommittee work to bring back to a future meeting.

Green Initiative Mission:

The Piedmont Unified School District is dedicated to providing students with a comprehensive educational program that includes a broad-based curriculum, exemplary staff, and an environment that fosters respect for oneself, for others, and, with respect to the Green Initiative Action Plan, a respect for the environment. It is the ultimate aim of the District that the educational program will provide students with the foundation for meaningful lives and the resources to become responsible citizens in the community-at-large.

Specifically our role is to:

- Orchestrate the implementation of the Green Initiative Action Plan components with stakeholders.
- Coordinate with the City of Piedmont and non-profit organizations in supporting their Green efforts
- Implement Green Initiative solutions that will make accountable differences in instruction, resource management, waste reduction, and energy conservation.

This Green Initiative plan is the result of several hours of discussion, learning, and collaboration among students, classified staff, parents, teachers, community members and administrators.
