State law requires that parents/guardians submit an immunization record prior to kindergarten entry. Parents should come prepared with documented evidence showing complete dates that children have been adequately immunized.

**To enroll in our Kindergarten program, children must be 5 years old on or before September 1<sup>st</sup>, 2015.**

It is anticipated that each school will have several classes at each grade level. It is the intent to keep class sizes similar from school to school. In order to do this, children may be assigned to a Piedmont school outside their immediate residency area. Every attempt will be made to keep siblings together and to look at school proximity if a shift is necessary. However, students may be transferred to another elementary school in the District within the first two weeks of the new school year. If you are new to the District or your student(s) grade K-5 are not currently attending elementary school in one of Piedmont's schools, please plan to enroll your student(s) on **March 3, 2015.**

The Piedmont Unified School District offers a ***Transitional Kindergarten*** program. In keeping with State guidelines, this program is for students who turn 5 years old between September 2<sup>nd</sup> and December 2<sup>nd</sup>.

Updates will be posted on the District Webpage as they develop.
