

Beach Elementary

Julie Valdez

Principal, Beach Elementary

About Our School

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2012-13 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school Principal or the District Office.

Beach School first opened its doors to students in 1912 in Piedmont, a city of about 10,000 residents, nestled in the hills above the San Francisco Bay Area. The educational programs at the school are tailored to be both relevant and challenging. Beach School is proud of its comprehensive supplemental instruction, including both vocal and instrumental music, art and science enrichment, and a full physical education program. Beach School is dedicated to ensuring the academic success of every student and providing a safe and comprehensive educational experience.

Data and Access

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the [California Department of Education \(CDE\) SARC Web page](#).
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012-13 Academic Performance Index Reports Information Guide located on the [CDE API Web page](#).

School Description and Mission Statement (School Year 2012-13)

Beach School first opened its doors to students in 1912 in Piedmont, a city of about 10,000 residents, nestled in the hills above the San Francisco Bay Area. The educational programs at the school are tailored to be both relevant and challenging. Beach School is proud of its comprehensive supplemental instructions, including both vocal and instrumental music, art and science enrichment, and a full physical education program. Beach School is dedicated to ensuring the academic success of every student and providing a safe and comprehensive educational experience.

Last updated: 3/17/2014

Opportunities for Parental Involvement (School Year 2012-13)

The small student body provides parents with a greater opportunity for personal involvement in their student's education. Beach School is a neighborhood and community center, where students and community members can participate in many before and after school activities. The tremendous support of parents and the community contribute to the family-like atmosphere at Beach School. Numerous programs and activities are enriched by the generous contributions made from the following sources: CHIME, PAINTS. PRAISE, Beach Parents Organization, Piedmont Educational Foundation, and School Parcel Taxes and Bond measures.

Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

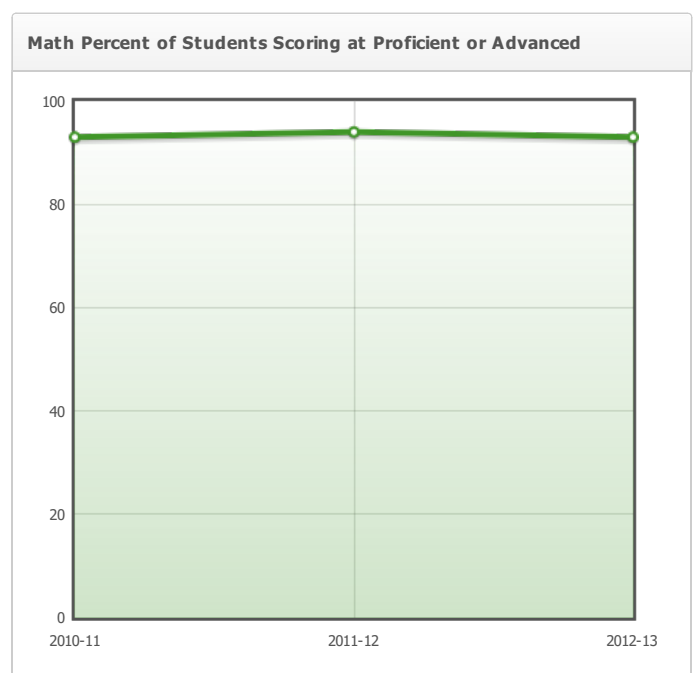

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the [CDE STAR Results Web site](#).

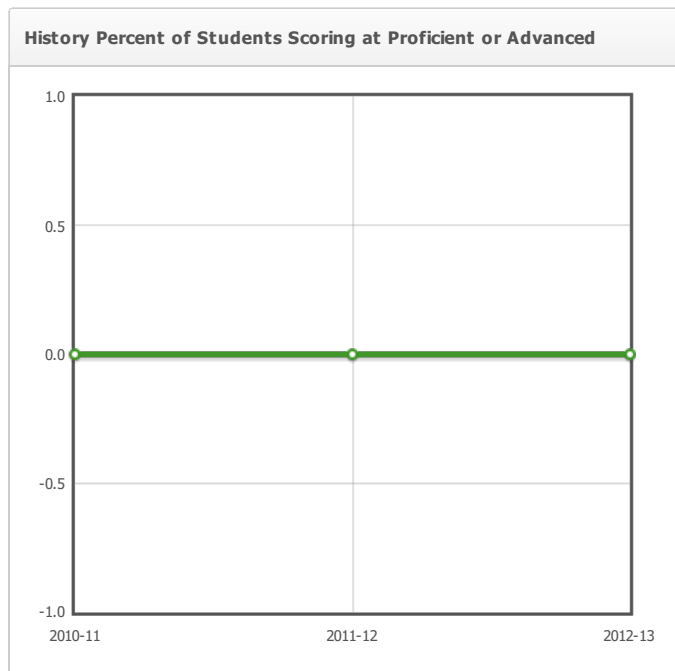

Standardized Testing and Reporting Results for All Students - Three-Year Comparison

Comparison

Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)								
	School			District			State		
	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13

California High School Exit Examination Results for All Grade Ten Students –

Three-Year Comparison

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB. For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

Subject	Percent of Students Scoring at Proficient or Advanced								
	School			District			State		
	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13

Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the [CDE API Web page](#).

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2010-11	2011-12	2012-13
Statewide	10	10	10
Similar Schools	10	7	9

Last updated: 3/17/2014

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change 2010-11	Actual API Change 2011-12	Actual API Change 2012-13
All Students at the School	-9	13	-6
Black or African American			
American Indian or Alaska Native			
Asian			
Filipino			
Hispanic or Latino			
Native Hawaiian or Pacific Islander			
White	-7	13	-18
Two or More Races			
Socioeconomically Disadvantaged			
English Learners			
Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the [CDE AYP Web page](#).

AYP Criteria	School	District
Made AYP Overall	Yes	No
Met Participation Rate - English-Language Arts	Yes	Yes
Met Participation Rate - Mathematics	Yes	Yes
Met Percent Proficient - English-Language Arts	Yes	No
Met Percent Proficient - Mathematics	Yes	Yes
Met API Criteria	Yes	Yes
Met Graduation Rate	N/A	Yes

Last updated: 3/17/2014

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the [CDE PI Status Determinations Web page](#).

Indicator	School	District
Program Improvement Status		Not in PI
First Year of Program Improvement		
Year in Program Improvement		
Number of Schools Currently in Program Improvement	N/A	0
Percent of Schools Currently in Program Improvement	N/A	0.0%

Note: Cells shaded in black or with N/A values do not require data.

School Safety Plan (School Year 2012-13)

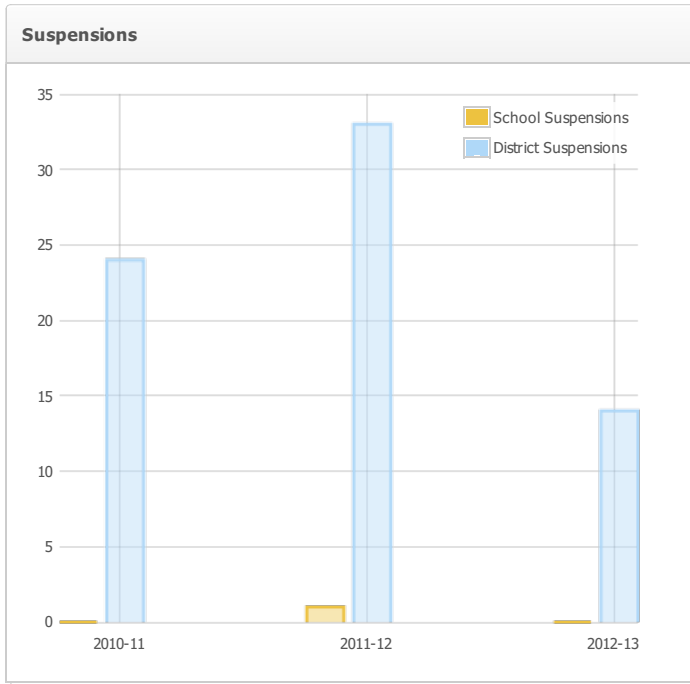

Safety of students and staff is a primary concern of Beach School. To ensure student safety, supervision is provided on campus at all times. Staff from the Piedmont Parks and Recreation Department's Schoolmates Program, located on the Beach School Campus, supervise students on campus before and after school. Students are supervised during recess and lunch by certificated staff members and five yard supervisors. Visitors to the campus must register at the office prior to entering school grounds and a visitor's pass must be displayed at all times. The Comprehensive School Site Safety Plan is reviewed and approved each fall by the School Site Council; revisions are shared immediately with all staff members. Key elements of the Safety Plan include emergency disaster procedures, codes of student behavior, and sexual harassment policies. The school is in compliance with all laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Disaster drills are conducted on a regular basis throughout the school year; fire drills are held once a month, and earthquake drills are conducted annually.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13) -

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE [Improving Teacher and Principal Quality Web page](#).

Location of Classes	Percent of Classes In Core Academic Subjects Taught by Highly Qualified Teachers	Percent of Classes In Core Academic Subjects Not Taught by Highly Qualified Teachers
This School	100	0
All Schools in District	98	2
High-Poverty Schools in District	0	0
Low-Poverty Schools in District	98	2

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (Fiscal Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instructional materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected:

Core Curriculum Area	Textbooks and instructional materials	From most recent adoption?	Percent students lacking own assigned copy
Reading/Language Arts	<p>A Public Hearing was held on September 27, 2012 and it was determined that each school in the Piedmont Unified School District had sufficient and good quality textbooks and instructional materials and/or science laboratory equipment. All students, including English learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects) for use in the classroom and to take home, if necessary. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Education. All textbooks at Beach School are in adequate supply and in fair to excellent condition. The school and district place great emphasis on providing students with the most up-to-date, state-adopted textbooks and instructional materials.</p> <p>Library Beach School's fully automated library, staffed by a credentialed teacher-librarian and library assistant three days a week, is stocked with over 13,500 books and books on CD/tape, as well as DVD/VHS collections to supplement curriculum. A computer, connected to a district-wide network, is located in the Library. Each classroom visits the library at weekly, scheduled times; additionally, flexible scheduled spots are available to conduct research projects. Students also may visit the library at recess and at lunch. Technology Computer skills and concepts integrated throughout standard curriculum prepare students for technological growth and opportunities. Students receive computer-assisted instruction on a regular schedule, and each classroom at Beach School contains a minimum of three internet-connected computers. The school also has a twenty-two-station computer lab, which is staffed by a .9 Curriculum and Technology Specialist. Software programs utilized at the school develop critical thinking skills, technological skills and mathematical proficiency, and include the Read, Write and Type keyboarding program. Homework Beach School regards homework as a fundamental part of the learning process that helps to develop basic academic and study skills as well as promote student responsibility and self-discipline. Homework is assigned on a regular basis for all grade levels and major subject areas. Each teacher determines the appropriate level of homework for his or her students, and the intent is that students complete most work independently. Students are expected to complete their homework assignments in a timely manner and to the best of their ability. Parents are encouraged to provide a supportive environment for homework activities and to review homework assignments with their student.</p> <p>Houghton Mifflin K-5th adopted 2002</p>		0.0

School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic / Unrestricted)	Average Teacher Salary
School Site	\$9,788	\$1,022	\$8,766	\$70,895
District	N/A	N/A	\$10,926	\$72,710
Percent Difference – School Site and District	N/A	N/A	-20.00%	-2.50%
State	N/A	N/A	\$5,537	\$63,166
Percent Difference – School Site and State	N/A	N/A	58.00%	12.00%

Note: Cells shaded in black or with N/A values do not require data.

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE [Current Expense of Education & Per-pupil Spending Web page](#). For information on teacher salaries for all districts in California, see the CDE [Certificated Salaries & Benefits Web page](#). To look up expenditures and salaries for a specific school district, see the [Ed-Data Web site](#).

School Completion and Postsecondary Preparation

Admission Requirements for California’s Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the [UC Admissions Information Web page](#).

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the [CSU Web page](#).

Dropout Rate and Graduation Rate

Indicator	School			District			State		
	2009-10	2010-11	2011-12	2009-10	2010-11	2011-12	2009-10	2010-11	2011-12
Dropout Rate							16.6	14.7	13.1
Graduation Rate				99.13	98.65	99.50	74.72	77.14	78.73

Completion of High School Graduation Requirements

This table displays, by student group, the percent of students who began the 2011-12 school year in grade twelve and were a part of the school's most recent graduating class, meeting all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

Group	Graduating Class of 2012		
	School	District	State
All Students			
Black or African American			
American Indian or Alaska Native			
Asian			
Filipino			
Hispanic or Latino			
Native Hawaiian or Pacific Islander			
White			
Two or More Races			
Socioeconomically Disadvantaged			
English Learners			
Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report.

Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Staff members build teaching skills and concepts throughout the year by participating in conferences and workshops. For the past four years, the District has annually offered three staff development days where teachers are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies and methodologies. Staff development topics for the 2011-12 school year included, but were not limited to, Differentiated Strategies, GATE training, Mathematics, and Reader's Workshop. For additional support in their profession, teachers may enlist the services of the District's Beginning Teacher Support and Assessment (BTSA) facilitator.
