School Description

Millennium High School is an alternative high school located in Piedmont, a city of about 10,000 residents located in the hills above the San Francisco Bay Area. Millennium High School is located on the Piedmont High School campus and shares many resources with the school. Students at Millennium High School are challenged in small, interactive, non-competitive classes. Instruction is individualized and students work at their own pace to achieve mastery. Many opportunities are provided for experiential learning, self-directed projects, small group discussions, tutorials, community based learning, service learning, interdisciplinary and multiple intelligence instruction, flexible scheduling and personal counseling.

Millennium High School seeks to instill in our students a commitment to the four founding principles of the school: respect, communication, empowerment, and community. We are committed to supporting each student's personal and academic goals in an emotionally as well as physically safe environment. Students are recognized for and supported to develop strengths and talents unique to them as individuals as well as challenged to expand their areas of competence and comfort. We foster a climate where respect for the learning process is upheld by honoring the diversity of learning styles and emotional histories present in our students. We promote academic excellence and personal growth through our dedication to meeting the needs of our students, regardless of each one's level of proficiency. We create opportunities for our students to become active, engaged participants in their school and larger communities.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Piedmont Unified School District sets a high priority upon ensuring that sufficient textbooks and instructional materials are available to support the school's instructional program. Piedmont Unified School district held a Public Hearing in October 2017 and determined that each school in the District has sufficient and good quality textbooks, instructional materials, and science lab equipment. All students, including English Learners, are given their own individual standard aligned textbooks in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks.

For 2017-2018, all textbooks and instructional materials at Millennium High School were in adequate supply and fair to excellent condition. 100% of students in each core subject area possessed the necessary textbooks and instructional materials, including the deployment of Google Chromebooks for all students.

Piedmont School District follows the State Board of Education's recommended adoption cycle for core content materials. Teachers in the District have the opportunity to review the textbooks and provide feedback. Recommendations for final adoption are submitted to the Board of Education for approval.

Textbooks and Instructional Materials Year and month in which data were collected: September 2017	
Core Curriculum Area	Textbooks and Instructional Materials/Year of Adoption
Reading/Language Arts	No assigned textbooks; several fiction and nonfiction books The textbooks listed are from most recent adoption: No Percent of students lacking their own assigned textbook: 0

Foreign Language	Spanish Avancemos 1,2,3 (Spanish, I, II, III grades 9-12) The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0

Note: Cells with N/A values do not require data.

School Facility Conditions and Planned Improvements (Most Recent Year)

Millennium High School is located on the Piedmont High School campus. Piedmont High School was partially modernized in conjunction with the District's Seismic Safety Bond Program. The "30's" building was renovated, but other buildings on the campus, including the building housing MHS, were not deemed a seismic collapse hazard ("10's", "20's", "40's", "Alan Harvey Theater" and "Binks Gym"). They have not been modernized.

School Facility Good Repair Status (Most Recent Year)

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	75.0	40.0	86.0	87.0	48.0	50.0
Math	33.0	17.0	84.0	85.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Piedmont Unified School District receives federal funding to support our unique learning community. One of our responsibilities under section 1118 of the Elementary and Secondary Education Act is to support meaningful parent participation. We work to engage parents in regular, two-way, and meaningful communication involving student academic learning and other school activities to insure the following:

- (A) that parents play an integral role in assisting their student's learning
- (B) that parents are encouraged to be actively involved in their student's education at school
- (C) that parents are full partners in their student's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their student
- (D) that we offer a flexible number of parental involvement opportunities so that as many parents as possible are able to attend
- (E) that we will provide materials to help parents work with their student to improve academic achievement as appropriate

At MHS, parents are able to be involved in the monthly School Site Council and the MHS Parent's Club. In 2018, we started parent counseling nights in the spring and an alternative career day in January featuring parents in less traditional careers.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety of Students and staff is a primary concern of Millennium High School. To ensure student safety, supervision is provided on campus at all times. Teachers and campus security officers supervise students on campus before and after school, as well as during lunch and break periods. Any visitors to the school must be approved in advance by the Principal.

The School Comprehensive Safety Plan is reviewed each fall by the Millennium High School Advisory Board; any revisions are shared immediately with the staff. Key elements of the plan outline emergency evacuation procedures, sexual harassment policies, and codes of student behavior. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. All required forms of emergency drills are conducted on a regular basis throughout the school year.

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

PUSD staff members build their knowledge of curriculum and their repertoire of instructional strategies by participating in various types of professional learning: local and national conferences, on and off-site workshops, coaching cycles, and as members of professional learning communities. Prior to the 2016-17 school year, the District offered three staff development days annually where teachers were provided with a range of PD offerings on topics such as Common Core Standards training, differentiation, instructional technology, new math curriculum, and vertical alignment of standards instruction.

Beginning the 2016-17 school year, PUSD instituted a flexible professional development program, which allows all certificated staff to select the professional learning topic and structure that best fit their learning needs. The entire Millennium High School formed a professional learning community and did an in-depth study of differentiated instruction as a means of supporting students' learning needs.

In 2017-19, the district continued their flexible professional development program. The district also began work in district-wide learning about social justice standards which all MHS staff participate in. Growing out of this work, MHS staff has engaged in ongoing professional learning with outside consultants around Restorative Justice. This PD has been before and after school.

New teachers are assigned a mentor as part of the Teacher Induction Program (TIP) and tenured teachers can be mentored by participating in Teachers Engaged in Active Mentoring (TEAM).

Career Technical Education Programs

There is no CTE program at MHS at this time. Students have access to CTE courses through secondary enrollments at Piedmont High School.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
