School Description

Piedmont High School is a high achieving small comprehensive high school established in 1921 and located in the East Bay hills of the San Francisco Bay Area. It has one feeder middle school located on an adjoining campus. Piedmont, a city of about 11,000 residents, sustains a strong sense of community. Parent participation in school activities is extensive; parents and community members have developed a variety of support organizations for academies, athletics, visual arts, performing arts, Special Education and a community-wide educational foundation. The educational programs at the school are tailored to meet the needs of students in a changing society and are designed to promote the academic success of every student through a comprehensive educational experience.

It is the mission of Piedmont High School to provide quality preparation that challenges students to achieve honorably and realize their present and future potential. Four assets support this mission and high academic standards:

- A qualified, inventive and student-oriented staff;
- A generous, involved and supportive parent community;
- A K-8 program that prepares students effectively for the rigors of high school;
- A curious and motivated student body of high schoolers who are diverse in their talents and their contributions to our educational setting.

"Achieve the Honorable," the long-standing motto of Piedmont High School, means that all students demonstrate academic and personal integrity in their work. Being honest in all situations promotes learning, supports growth in intellect as well as character, and signifies each student's responsibility to respect peers, teachers, staff, and the administration.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web
 page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Piedmont Unified School District sets a high priority upon ensuring that sufficient textbooks and instructional materials are available to support the school's instructional program. Piedmont Unified School district held a Public Hearing in October 2017 and determined that each school in the District has sufficient and good quality textbooks, instructional materials, and science lab equipment. All students, including English Learners, are given their own individual standard aligned textbooks in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks.

For 2017-2018, all textbooks and instructional materials at Piedmont High School were in adequate supply and fair to excellent condition. 100% of students in each core subject area possessed the necessary textbooks and instructional materials, including the deployment of Google Chromebooks for all students.

Piedmont School District follows the State Board of Education's recommended adoption cycle for core content materials. Teachers in the District have the opportunity to review the textbooks and provide feedback. Recommendations for final adoption are submitted to the Board of Education for approval.

School Facility Conditions and Planned Improvements (Most Recent Year)

Piedmont High School was partially modernized in conjunction with the District's Seismic Safety Bond Program. The "30's" building was renovated, but other buildings on the campus not deemed a seismic collapse hazard ("10's","20's", "40's", "Alan Harvey Theater" and "Binks Gym") have not been modernized. Priorities for PHS maintenance will be roof and Mechanical/HVAC repairs and replacement.

The passage of the H1 Bond in November 2016 has resulted in the design and eventual construction of a new STEAM (Science, Technology, Engineering, Art, and Math) Building (expected completion in August 2020) and new Alan Harvey Theater (expected completion in August 2021).

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)						
Subject	Sch	ool	District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	93.0	90.0	86.0	87.0	48.0	50.0
Math	74.0	77.0	84.0	85.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

· Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parent participation in school activities is extensive: parents and community members have developed a variety of support organizations for academic, athletic, visual arts, performing arts, Special Education and a community-wide Educational Foundation.

The Parent's Club:

Supports staff development, student activity programs, the college and career center, and a variety of course offerings.

School Site Council

Develops the School Plan for Student Achievement and supports intervention strategies for all students.

CHIME (Citizens Highly Interested in Music Education):

Funds and supports performing arts education, including instrumental, vocal, dramatic and dance for Piedmont's students. In 2018-19, CHIME will align with the Piedmont Education Foundation.

PAINTS (Promote Art in the Schools):

A non-profit membership organization of parents and community members whose mission is to promote visual arts by providing a forum for parents, teachers, and administrators to focus a coordinated art curriculum throughout the district. In 2018-19, PAINTS will align with the Piedmont Education Foundation.

PAAC (Piedmont Asian American Club):

A non-profit membership organization of parents and community members whose mission is to sponsor educational programs aimed at promoting cultural awareness, encouraging diversity, and providing a forum for Asian American issues in Piedmont.

The Athletic Boosters Club:

Supports the interscholastic athletic program with finances and parent volunteers.

School Nutrition Advisory committee:

Supports the school nutrition program by recommending menu changes, developing educational programs, awareness campaigns, and conducting research and surveys.

The Piedmont Diversity Committee:

Promotes awareness, understanding, and appreciation of both differences and commonalities among students, staff, and community. The committee offers grants to teachers, students, and staff for school programs and produces free community events and a bi-monthly film series.

PRAISE (Piedmonters for Resources, Advocacy, Information in Special Education):

Supports and funds education for students, parents, teachers, and specialists involved with special education. Their mission is to promote awareness, understanding, and appreciation of learning differences among students, educators, parents, administrators, and the community.

The Piedmont Education Foundation:

Promotes educational excellence in schools through grants made by the Board in response to requests from individual teachers, school sites, and the district using individual donations, income from the Endowment Fund, corporate matches, and Dress Best For Less.

College and Career Center:

The College and Career Center is an information resource center of Piedmont High School's Counseling Office. Created in the late 1960's by a volunteer group of interested parents, the Center Director and supplies are funded by the Piedmont Education System.

Volunteerism extends to the daily staffing of the College and Career Center and the Food Service Program. Parents voice high expectations for a college preparatory education program and a wide range of extra-curricular programs, particularly including the performing and visual arts, athletics and community service. Parents also serve in various committees and task forces to support school and district initiatives.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety of students and staff is a primary concern of Piedmont High School. To ensure student safety, supervision is provided on campus at all times. Administrators and a campus supervisor monitor students before and after school, and during lunch and break periods. Visitors to campus must register at the office and receive authorization to enter the premises. While on campus, a pass must be displayed at all times.

The Comprehensive School Site Safety Plan is updated annually in the fall by members of the School Safety Committee; revisions are shared immediately with all staff members. Key elements of the plan outline steps for ensuring student and staff safety during a disaster, District sexual harassment policies, and codes of student behavior. The school is in compliance with the laws, rules and regulations pertaining to hazardous materials and state earthquake standards. Fire, disaster and complete evacuation drills are conducted on a regular basis throughout the school year; intruder alert/lock-down drills are held periodically. Piedmont High School staff conducts the drills with support from Piedmont Police.

Professional Development provided for Teachers

PUSD staff members build their knowledge of curriculum and their repertoire of instructional strategies by participating in various types of professional learning: local and national conferences, on and off-site workshops, coaching cycles, and as members of professional learning communities. Prior to the 2016-17 school year, the District offered three staff development days annually where teachers were provided with a range of PD offerings on topics such as Common Core Standards training, differentiation, instructional technology, new math curriculum, and vertical alignment of standards instruction.

Beginning the 2016-17 school year, PUSD instituted a flexible professional development program, which allows all certificated staff to select the professional learning topic and structure that best fit their learning needs. Some examples of professional development selected by Piedmont High School teachers are as follows: training in CPM, implementing the NGSS Framework, and the proficiency approach to teaching world languages.

New teachers are assigned a mentor as part of the Teacher Induction Program (TIP) and tenured teachers can be mentored by participating in Teachers Engaged in Active Mentoring (TEAM).

Prior to the start of the 2017-18 school year, PHS staff were trained on curriculum, Perspectives for a Diverse America, published by Teaching Tolerance, which incorporates the social justice standards into the Common Core Literacy Standards. Follow-up training on these standards took place in February 2018.

Career Technical Education Programs

The goal of Career Technical Education is to prepare students for challenging careers, post-secondary education and lifelong learning. Partnering with the Contra Costa County Office of Education CTE/ROP program, Piedmont High School offers several Career Technical Education courses, including Biotechnology, Computer Science, Journalism, and Culinary Arts. Through enrollment in CTE courses, students demonstrate effective skills in oral and written communication, demonstrate job skills, etiquette and work ethic valued by employers, demonstrate the ability to think critically and creatively about complex issues, and work productively both as individuals as as team members.

Teachers of these courses integrate core academic standards within their curriculum. Work-based learning opportunities such as guest speakers, field trips, and internships are an integral component of each course, which is accessible to all Piedmont High School students. The courses are evaluated annually through classroom observations, reports, and surveys.

PHS Principal Adam Littlefield and Director of Instruction Technology Stephanie Griffin serve as the lead representatives of the CTE Advisory Committee. The Advisory Committee consists of representatives from a variety of technology-related industries. CTE will play an integral role in the development of programs recommended for development in the new STEAM building (expected completion August 2020)

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
