School Description

Beach School first opened its doors to students in 1912 in Piedmont, a city of about 11,000 residents, nestled in the hills above the San Francisco Bay Area. The school is one of three elementary schools in Piedmont and serves around 275 students. The school is a community of thoughtful learners, experienced educators and supportive parents. Our school provides an engaging and well-rounded environment, and nurtures a variety of learning styles and interests. The educational programs at the school are tailored to be both relevant and challenging. Beach School is proud of its comprehensive supplemental instruction, including both vocal and instrumental music, computer science, art, library, and a full physical education program.

We believe...

Warmth Opens Minds – Warmth is creating an environment where students, teachers and parents feel welcome, invited and included. People who are available for learning are people who are happy to be where they are. When students are comfortable, their minds are open to new opportunities and new ideas.

Support Students to Help Them Find Their Strength – Starting points and learning rates vary between students and within a single student. We see these differences and seek to support them “where they are” through carefully designed instruction. We want to develop intrinsic motivation where learning can be student-driven but teacher-directed.

Engaged Parents mean Engaged Students – We strive to keep parents informed of class curricula and school happenings through many media: weekly school and classroom newsletters, regular packages of student finished work for review, recommended activities to deepen learning at home, parent volunteer opportunities in the classroom and school. Parents who tend to their children’s education produce engaged learners.

School – Teacher – Parent Partnership – Parent conferences in the beginning of the year seek to align the school’s, teacher’s and parent’s interests in developing the student to be the best she can be. Open communication about progress or concerns is a hallmark of cooperation and will take the form of emails, semi-annual conferences and ad hoc meetings.

Understand then Understood – Listen carefully. Whether it’s between a teacher and a student, between students or even between teachers, we believe it’s critical to listen first before trying to be understood.

Higher Order Thinking Skills – Success is not simply students who remember, understand or even apply what they have learned. Our goal is mastery where they can analyze, evaluate and create using their newly minted skills.

Social/Emotional Curriculum – Be the One. Based on One by Kathryn Otoshi, we encourage every child to be active in fostering a culture of tolerance, inclusion and support of each other. By the end of each year, you will be able to peruse in the school hallway hundreds of moments teachers have “caught” students helping a peer.

Whole Child – While cognitive skill development are the bulk of a student’s work at Beach, the most memorable part of Beach Student’s career can often be their participation in Beach Revue, the Winter Concert, PE on the black top, a sports team, or the science fair.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

Piedmont Unified School District sets a high priority upon ensuring that sufficient textbooks and instructional materials are available to support the school's instructional program. Piedmont Unified School district held a Public Hearing on October 14, 2020 and determined that each school in the District has sufficient and good quality textbooks and instructional materials. All students, including English Learners, are given their own individual standard aligned textbooks in core subjects. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks.

For 2020-21, all textbooks and instructional materials at Beach Elementary School were reviewed and in adequate supply and fair to excellent condition. 100% of students in each core subject area possessed the necessary textbooks and instructional materials, including the deployment of Google Chromebooks for all students in grades K through 5.

Piedmont School District follows the State Board of Education's recommended adoption cycle for core content materials. Teachers in the District have the opportunity to review the textbooks and provide feedback. Recommendations for final adoption are submitted to the Board of Education for approval.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	88	N/A	87	N/A	50	N/A
Math	92	N/A	87	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

The small student body provides parents with a greater opportunity for personal involvement in their student's education. Beach School is a neighborhood and community center, where students and community members can participate in many before and after school activities.

The tremendous support of parents and the community contribute to the family-like atmosphere at Beach School. Parent involvement in the schools is very high in the District. Open Houses, Parent-Teacher Conferences, and school performances are always well-attended. The Parents' Club boast 90 to 95 percent membership participation rates. Parents volunteer to work in the classrooms, computer labs, libraries, and the food service programs. Parents often serve on one or more support group boards or district committees providing organizational support, or a community perspective to the schools.

Parents can help the schools in a great variety of ways. The Parents' Clubs manage and coordinate the volunteer effort at each school. The best time to sign-up to be a volunteer is in the spring when the Parent Clubs recruit volunteers for the many board positions or at the beginning of the school year during registration. If you miss the opportunity to sign-up at these times, contact the Parents' Club President. See their BPO website for details!
<https://beachparents.com/gettinginvolved/>

Numerous programs and activities are enriched by the generous contributions made from the following sources:

- Beach Parents Organization: <https://beachparents.com/> The main parent / school organization and support group.
- Beach Dad's Club: <https://beachdads.wordpress.com/> The Dad's Club organizing social and service events and hosts a pancake breakfast in the fall.
- Beach Revue: <https://www.beachrevue.org/> For over fifty years this parent-led effort has provided students a musical stage performance venue.
- Piedmont Arts Fund: <https://piedmontartsfund.org/> Supporting arts instruction and shows.
- CHIME (performing arts): <http://www.piedmont.k12.ca.us/our-community/parent-involvement/#chime> Supporting performing arts.
- PRAISE (special education): <http://piedmontpraise.org/> Support group for families focused on special education.
- Piedmont Educational Foundation: <http://www.piedmontedfoundation.org/> The parent organization for all parent clubs in the district.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

Safety of students and staff is a primary concern of Beach School. To ensure student safety, supervision is provided on campus at all times. Staff from the Piedmont Parks and Recreation Department's Schoolmates Program, located on the Beach School Campus, supervise students on campus before and after school. Students are supervised during recess and lunch by staff members. Visitors to the campus must register at the office prior to entering school grounds and a visitor's pass must be displayed at all times.

The Comprehensive School Site Safety Plan is reviewed and approved each year and revisions are shared with all staff members. Key elements of the Safety Plan include emergency procedures, codes of student behavior, and sexual harassment policies. The school is in compliance with all laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Disaster, fire, earthquake, shelter in place and lockdown drills are conducted on a regular basis.

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0	.002	.0025
Expulsions	0	0	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

D. Other SARC Information

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	6

PUSD staff members build their knowledge of curriculum and their repertoire of instructional strategies by participating in various types of professional learning: local and national conferences, on and off-site workshops, coaching cycles, and as members of professional learning communities. PUSD has

instituted a flexible professional development program, which allows all certificated staff to select the professional learning topic and structure that best fit their learning needs. This full day of professional development is personalized to the needs and focus of the individual. Some examples of professional development selected by tri-school elementary teachers are as follows: response to intervention, differentiated math instruction, teaching reading in small groups, integrated learning, and social emotional learning. For 2020-21 distance learning techniques were a special focus for 2020-21.

New teachers participate in a full day professional development orientation and are assigned a mentor as part of the Teacher Induction Program (TIP) or may participate with Teachers Engaged in Active Mentoring (TEAM). Tenured teachers can also participate in coaching by participating in Teachers Engaged in Active Mentoring (TEAM).

Due to the unique impact of moving to distance learning with COVID-19 shelter in place orders, partial day professional development opportunities were scheduled to support staff in instructional strategies and technology use beginning in March 2020 and additional PD days were added to the beginning of the 2020-21 school year. All PD this year is focused on the following areas: distance learning, anti-racism and social justice teaching practices, updating practices on reading instruction.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
